LIGHTING

# Linessa Air

Lighting with  
integrated ventilation

A unique combination of both lighting product and a ventilation system, which results in a clean ceiling design. OrangeClimate and Illuxtron International collaborated in such a way that both their best products fit seamlessly together.

## PLENUM BOX

The ventilation can be spread over additional units to avoid an unwanted airflow. Each luminaire can either be used for blowing air in the room or to let the air escape from the room.

*This Plenum box fits not only on the Orange Climate systems but also to any other professional Climate system in the market.*

## FEATURES AND BENEFITS

- Comfortable Airflow
- Suitable for every system
- No irritating glare
- Highest Lumen / Watt
- Homogeneous light pattern
- Designed and produced in the Netherlands
- Patented design
- 7 years warranty

Before, with separate air ventilation and lighting

After, with Linessa Air and integrated ventilation.

All products are developed by our own people and then assembled in various workshops by people with a disadvantage on the labor market. The range is aimed at the higher market segment and guarantees the use of high quality materials, resulting in a warranty of 7 years. 7 years warranty can be guaranteed.
